**10:00 TO 13:00**

## PRACTICAL, FUN, INNOVATIVE AND STIMULATING!

#305 Clover Bay, Business Bay, Dubai  050 468 7929

Have fun with Watson, his games and stories on the Tablet and the most popular educational toy among children around the world, the LEGO® brick.

A new theme is introduced each week; these provide the focus for all games and activities. The aim is to harness children's natural desire to play as a means of exploring the Spanish Language.

**WATSON'S BRICK LAB@ SUMMER CAMP, BUILDING LANGUAGE, BUILDING FUTURE.**
